

STUDCO ENVIRONMENTAL POLICY

Studco Building Systems, the leading manufacturers of innovative metal building systems for the Wall and Ceiling industry has a commitment to environmental responsibility. This commitment is promoted at every level of our business.

Our Organization is committed to pursuing a high standard of environmental management throughout its operations to minimize the impact of our activities on the environment.

In fulfilling our environmental management commitment we will:

- Implement and maintain an Environmental Management System in accordance with the requirements of the ISO 14001 Standard.
- Comply with all relevant environmental legislation, and other initiatives to which we subscribe 3 Incorporate environmental good practice into our core business plans and management processes.
- Minimize negative impacts we may have on the environment, and implement pollution prevention practices through the efficient use of resources, and the reduction of emissions and waste.
- Strive to continually improve of our environmental performance.
- Develop a framework for setting and reviewing our environmental objectives and targets.
- Ensure we work closely with our clients, suppliers, local communities and other interested parties.
- Foster the initiation and ownership of environmental activities by all our staff, thereby building a strong environmentally aware business culture.

This Environmental Policy Statement will be communicated to all staff and made available to the public on our website.
